Plan into Action – Collaboration

Arizona Juvenile Justice Crosswalk Analysis

The crosswalk has been a useful tool in other states to identify congruent efforts of other similar state-operated work groups to form greater partnerships and reduce duplication.

Information Sharing Guide

The State Information Sharing guide will provide practitioners an updated resource for collaborating across systems to improve services to crossover youth and families.

Plan into Action – Youth Voice

Youth Representation on the AJJC

Youth voice is vital for addressing the state's juvenile justice system needs

The commission must seek input from justice-involved youth when developing the state plan

GOYFF and the AJJC will collaborate to ensure youth are adequately represented on the commission and that system-involved children are engaged to provide their valuable perspective
